This is one of number of matters that will be part of public meeting that you may attend. Cases are scheduled to begin at 8:00 AM, but please note that they may not necessarily be heard in the order in which they appear on the agenda. Furthermore, the Board may wish to consider all proposed Settlement Agreements in mass motion at the beginning of the meeting. Therefore, not all Settlement Agreements will be individually discussed and considered by the Board at the meeting. Because of this, if the case you are interested in is a Settlement Agreement, you may wish to provide written comments or notify the Department in advance of the meeting if you wish to speak on the case at the MD meeting. If you have any questions concerning this matter, please contact the Department's Prosecution Services Unit prior to the meeting at **Be sure to reference the above case number when calling.**
