Planned Parenthood Great Plains Deceptively and Secretly Plans to Open an Abortion Clinic in April in Kansas City, Ks

Planned Parenthood Exposed, Inc exposes Planned Parenthood plans

[KANSAS CITY, KS, April 5] Planned Parenthood Exposed, Inc reveals secret and deceptive plans by Planned Parenthood Great Plains to open an abortion clinic at [6013 Leavenworth Rd](#) in Kansas City, Ks. This secret plan is identical to the plan that Planned Parenthood used recently in Edmond, OK. In both cities Healthtec Initiatives LLC acquired the property for Planned Parenthood Great Plains. Each property acquired was previously zoned medical and remodeled by HealthTec Initiatives LLC. Thus, scrutiny and approval by local government officials of Planned Parenthood activities did not necessarily occur because the Planned Parenthood involvement was hidden. In Edmond, Healthtec Initiatives LLC granted the deed to the remodeled building at no cost to Planned Parenthood Great Plains ([See public record.](#)) This building opened in 2022 as a [Planned Parenthood Great Plains location](#).

Planned Parenthood lobbyist, Rachel Sweet, stated on Oct 2, 2019, at the Kansas Special Committee on the Judiciary meeting that Planned Parenthood was excited about exploring options to open a location in Wyandotte County and that they plan to offer the full spectrum of care. This would clearly include abortions. [6013 Leavenworth Rd](#) is the location that Planned Parenthood has selected.

This planned Kansas City, Ks location is one result of the April 2019 Kansas Supreme Court ruling that alleged to find a right to abortion in the state constitution. This ruling has launched a major battle to pass the Value Them Both (VTB) amendment to the Kansas constitution on the August 2, 2022, primary election. Opposed to VTB is a deceptively named organization, Kansans for Constitutional Freedom. Rachel Sweet is the registered agent for Kansans for Constitutional Freedom with an address of [4401 W. 109th St, Suite 200 Overland Park, KS 66211](#). This is also the corporate address of Planned Parenthood Great Plains.

Planned Parenthood's location in Kansas City, Ks will become a "Destination City" for abortions. Out-of-state-resident abortions in Kansas have increased significantly in 2020, the latest data available, according to statistics from Kansas Department of Health and Environment. The trend of out-of-state-resident abortions will continue.

The Planned Parenthood building at 6013 Leavenworth Rd is due for [final building inspection](#) on April 18 prior to issuing a Certificate of Occupancy. Therefore, time is urgent to meet with the mayor and board of commissioners to express objections to Planned Parenthood being issued a Certificate of Occupancy. Multiple requests by Ron

Kelsey, president, Planned Parenthood Exposed, to meet with the mayor and commissioners have not been granted. Additionally, formal requests to appear at any full commission meeting by Ron Kelsey have not been granted.

Individuals have communicated with the mayor and commissioners and requested that Planned Parenthood be denied a Certificate of Occupancy and they have also requested that new ordinances be adopted to restrict Planned Parenthood from locating in residential areas and nearby schools.

There has been a general lack of response by the mayor and commissioners and a lack of meetings scheduled with Ron Kelsey to discuss this urgent matter. The only response received by Ron Kelsey was from Chuck Stites, 7th District Commissioner of the Unified Government of Wyandotte County/Kansas City, Ks. Commissioner Stites has publicly stated... *"I support the efforts to prevent the licensing of this type of facility in Wyandotte County."*

Other than the affirmative response from Commissioner Stites, the otherwise general lack of response raises the question as to why these responses are not occurring on such a controversial topic with such high community interest as a Planned Parenthood abortion clinic? This also raises a fair question as to whether Planned Parenthood has spent monies to influence the mayor and commissioners? It is well-documented that Planned Parenthood spends millions of dollars each year to gain influence with politicians. The answers to these questions are unknown.

Perhaps the general lack of response is due to perceived legal constraints by the Unified Government. However, this is first a moral issue, not a legal issue, that should guide our elected officials. Factually, Planned Parenthood kills an innocent human being with every abortion. Such a fundamental fact should guide the elected officials first on how to act. An abortion business is dramatically unlike any other business in existence and should be treated uniquely with that in mind.

Planned Parenthood Exposed is committed to battling the plans for the Planned Parenthood clinic in Kansas City, Ks by engaging the residents of Kansas and Missouri to oppose this planned abortion clinic which will conduct its business with pregnant women living across a multi-state area. "We stand opposed to Planned Parenthood plans in Kansas City, Ks and its involvement in the business of killing unborn children" said Ron Kelsey, president of Planned Parenthood Exposed.

-more-

Planned Parenthood Exposed is a non-profit corporation dedicated to educating the public about the evils of Planned Parenthood including its business of killing unborn children and its promotion of sexual immorality to youth.
